Online ordering, sometimes known as Supplier Connect, is now available at MasterDrive. While this new tool allows you to place an order directly, it also offers many other useful features.

- Browsing of the product catalog
- Search by product descriptions or PNs
- Product availability at your default warehouse as well as nationally
- Pricing to your account
- Product pictures for increased clarity
- An Order Pad function for quick ordering
- Ability to initiate a purchase order, save it, return to it later and complete the order.
- Receive an Order Confirmation
- Add Ship To info as well as Special Notes

As business is placed thru this new portal tool you will be able to view:

- Order History
- Account Summaries including MTD and YTD purchases
- Open Order Value
- Invoice Status/ Open and Paid Invoices
- Order Status info on actual order processing, picking and shipments

Check out the latest tool from MasterDrive to make your life streamlined. We won't tell your boss!
