Conditions of Sale

1. **Freight Policy:** FOB Any MasterDrive® Warehouse(s). Please refer to your current discount sheet for prepaid dollar amount on *orders*, and *blanket order releases*. Backorders from qualifying prepaid shipments are shipped prepaid when fulfilled. Special quoted items may include specific freight terms and will be noted on each specific quote. MasterDrive will not be responsible for any duties, taxes or customs fees for shipments sent over country borders.
2. **Ordering Policy:** No minimum order required. Rush shipments or large shipments required to ship parcel package verses LTL truck may require an additional handling fee. Your Customer Service Representative will advise at time of order.
3. **Terms:** Net 30, a finance charge of 1-1/2% per month (18% A.P.R.) will be assessed on overdue accounts.
4. **Delays:** MasterDrive® shall not be liable for delays caused by strikes, material shortages, damage to property, governmental regulation or any other reason beyond the sellers control.
5. **Prices:** Prices are subject to change without notice. Orders will be billed at prices in effect on the day of shipment.
6. **Warranty:** MasterDrive® warrants all products to be free from defects in material and workmanship. This warranty is valid for one year from the date of shipment. MasterDrive® retains the right to replace defective product at no charge or refund at the purchase price. MasterDrive® will only give replacement or refund upon confirmation of defect. MasterDrive's® obligation is limited only to the replacement or refund of defective product. Any incidental and or consequential damages are excluded. The warranty is in lieu of all other warranties, express or implied warranties of merchantability or fitness for any particular purpose or use.
7. **Freight Claims:** When MasterDrive® makes a shipment, all goods shipped are in good condition. Our responsibility for this shipment has now ended. When you receive your shipment, thoroughly inspect for damage or shortage. If there is any damage or shortages, make the appropriate notation on the freight bill of lading, and file a claim with the freight carrier. Although our responsibility has ceased, we will gladly assist you in tracing and recovering lost goods and collect damages.
8. **Return Goods:** Under no circumstances will MasterDrive® accept returned goods for credit or replacement without prior written authorization. A request for return of merchandise can be made by mail, fax or telephone. MasterDrive® will then fax a self-explanatory return goods authorization form. The instructions on the return goods request form must be followed to insure a speedy processing of your request. Our sales personnel are not authorized to pick up goods for return nor to approve any goods for return. Special Order items not normally stocked may not be returned. All items returned that were shipped through no error on the part of MasterDrive® shall be subject to a minimum 15% restocking charge. If product was ordered in error and a replacement order for correct parts is placed at the time of request for return - no restock will be applied. All returns must be sent to MasterDrive® freight prepaid. MasterDrive® retains the right to refuse or reject any product returned that is not considered in good resalable condition. Product can not be returned after 1 year from sale date.
9. **C.O.D.:** All C.O.D. orders must ship from our main warehouse in Fort Atkinson, WI based upon stock and availability for this warehouse.
10. The purchaser agrees to pay any additional attorney fees or collection expenses when accounts are over due. MasterDrive® will add these incurred costs to the amount due from the purchaser.

7 & 9 Groove

Price and availability upon request

Severe Duty

Ductile Iron Sheaves
(Max Rim Speed = 8,000 FPM)
Price and availability upon request.

For 5V or 5VX Belts

Order QD Bushings Separately.
See page 25

NOTE: Cast iron sheaves may not exceed 6500 FPM. This speed **DOES NOT** specify if dynamic balancing (2 plane) is required. Contact customer service to verify whether dynamic balancing is required.
